

Material name:
Brand name:

PLA Starter
PLA Starter filament 1,75 mm

This document confirms that the biopolymer used to produce PLA Starter filament for 3D printing is suitable for food contact applications in the European Union (EU).

The product stated above is compliant with the requirements for plastic materials used for articles or parts of articles intended to come into contact with food in accordance with the following European legislation:

- Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food, including subsequent amendments (Articles 3, 11(5), 15 and 17).
- Commission Regulation (EU) No 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food, as amended by Commission Regulation (EU) 2025/351 of 21 February 2025.

Since the production of the final product intended for contact with food is not controlled by ROSA3D, the company makes no warranty, express or implied, and accepts no responsibility in connection with the use of this information. In addition, our statement of assurance is subject to the conditions set out in the invoice or other contract or shipping document issued by ROSA3D with respect to any limitation of liability.

DECLARATION OF APPROVAL FOR CONTACT WITH FOOD
