DECLARATION OF APPROVAL FOR CONTACT WITH FOOD

3D FILAMENT ROSA-Flex 85A
date of issue: 04.11.2026
date of update: 04.11.2026

Material name:	**ROSA-Flex 85A**
Brand names:	3D FILAMENT ROSA-Flex 85A 1,75mm

This document confirms that the polymer used in the manufacture of ROSA-Flex 85A filament for 3D printing is suitable for food contact applications.

The above-mentioned product complies with the requirements applicable to plastic materials used in articles or components of articles intended to come into contact with food, in accordance with the following regulations:

- Commission Regulation (EU) No 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food, as subsequently amended, including Commission Regulation (EU) 2024/3190 of 19 December 2024;
- Title 21 of the Code of Federal Regulations (21 CFR), including the amendments in force as of the date of issue of this document, insofar as applicable to intermediate plastic materials, such as plastic powders, granules and flakes, and to articles intended to come into contact with food.

As the manufacture of the final product intended to come into contact with food is not controlled by ROSA3D, the company makes no warranties, express or implied, and accepts no liability in connection with the use of this information. Furthermore, this assurance is subject to the terms and conditions specified in the invoice or in any other agreement or shipping document issued by ROSA3D, including any applicable limitations of liability.
